

**Just Bedrooms Ltd, suppliers of Rauch Quality Furniture**  
**Just Bedrooms offer a wide range of bedroom furniture including sliding door wardrobes, manufactured to a high standard of quality in Germany.**

Our ranges can be ordered directly from **Just Bedrooms Ltd** by contacting our sales representative who will talk you through the variety of wardrobes and bedroom furniture that is suitable to your needs.

All of our wardrobe ranges are free standing, allowing you to take them with you if you ever move home. This does not mean they are "light" or "flimsy" in construction. In fact, you will not be able to move them even an inch once they are fitted in your room as they are extremely solid and heavy. Our wardrobes are fantastic alternatives to pricey built-in/made to measure wardrobes, at a fraction of the price but without comprising on quality.

Please contact Carolyn on 087 2117250 or email [info@justbedrooms.ie](mailto:info@justbedrooms.ie) to make an appointment. Alternatively, a large range of our products are also available through separate retail outlets. You will find these retailers in our [Outlets section here &gt;&gt;&gt;](#)
